

Threads & Tales is an affordable enrichment club focused on teaching crochet and embroidery techniques through story-led projects that encourage mindfulness, perseverance, and creative expression.

ONLY £10.50 PER SESSION

Children can earn stitches or craft points through our rewards programme, recognising effort, perseverance, and positive participation, with special certificates celebrating progress — creating beautiful pieces, one story at a time.

Each term is inspired by different stories and themes, encouraging imagination and helping children connect creativity with storytelling. Every stitch becomes part of a bigger narrative, bringing their work to life in meaningful ways.

Children begin with simple beginner skills and gradually build confidence as projects become more challenging. Week by week, they develop technique, patience, and precision in a calm, supportive environment.
